

Olympus Uptime Guarantee

At Olympus, we strive to provide our customers with products and services that help optimize equipment use — and our repair agreements are no exception. The Olympus Uptime Guarantee (OUG) is a no-cost enhancement to our comprehensive Full Service Agreement. It is designed to curb delays caused by out-of-service equipment, enabling you to maximize procedural uptime. OUG delivers unprecedented benefits to eligible* Full Service Agreement customers, including:

Next-Day Replacement

OUG provides no hassle, next-day replacement for surgical products in need of repair through our Advanced Replace® Program — guaranteed.

Guaranteed Service

If we are unable to provide next-day replacement, Olympus will cover half of refurbishment level charges upon inspection of the out-of-service product.

Expense Control

Full Service Agreements already provide accidental damage coverage and fixed monthly repair expenditures. With OUG, your Full Service Agreement will reflect the specific repair required for your out-of-service product, rather than a pre-fixed charge.

^{*}Eligibility Requirements:

Olympus Uptime Guarantee

Follow Four Steps to Receive the Olympus Uptime Guarantee:

- 1. Call 1-800-848-9024 by 8PM EST, Monday Friday, to request an Advanced Replacement (ARP).
- 2. Provide contact information, model, serial number, and other requested information to a Customer Solutions Representative. OUG eligibility will be confirmed.
- 3. Receive ARP shipping confirmation and an RMA for your out-of-service product.
- 4. Upon receipt of Advanced Replacement, immediately send out-of-service product to Olympus.
